

FOR IMMEDIATE RELEASE

**Venu Raghavan is the Winner of CEO of the Year Award 2018 from
Phoenix Business Journal**

A Twenty-Five Year Veteran Recognized for Commitment to his Firm and the Region

Highlights:

- Indecomm Digital Services CEO Venu Raghavan Wins CEO of the Year Award 2018
- Indecomm is the Preferred Innovation Partner in its Client's Digital Journey
- Venu actively involved in the Arizona Technology Community

Scottsdale, AZ – May 16, 2018 – Venu Raghavan, CEO, [Indecomm Digital Services](#), was named a [CEO of the Year](#) by the [Phoenix Business Journal](#) for his contributions to Indecomm and the region's growth in technology. Indecomm Digital Services is the leading provider of digital engineering and engagement services, including digital learning and content services.

The Valley's top tech leaders were honored Thursday for their commitment to their companies and the region's industry at the Phoenix Business Journal's annual AZ Top Tech Event. The event, held at the Phoenix Art Museum on May 10, 2018, recognized leaders in six categories, including CEO and chief information officer of the year. Seventeen industry leaders were recognized as finalists. Venu was awarded the CEO of the Year Award and was also featured in a special section of the Phoenix Business Journal.

"It's an honor to receive this award on behalf of the global teams at Indecomm. I am immensely proud of the Indecomm colleagues worldwide who make this journey a memorable one," Raghavan said. "I am also constantly enriched by the talent and energy I find in the Phoenix technology community."

Venu's achievements are impressive. He is primarily responsible for creating this exceptional business from scratch within Indecomm. Previously, Venu was the winner of Ernst & Young's Entrepreneur of the Year® in 2008, in the Emerging category in Orange County/Desert Cities.

"Congratulations to Indecomm Digital Services CEO Venu Raghavan for his honor as CEO of the Year at our 2018 Top Tech Awards," said Ray Schey, Market President and Publisher, Phoenix Business Journal. "All of our finalists and winners deserve special recognition for their work and achievements in the Valley's rapidly growing tech industry. The Phoenix Business Journal is proud to host this event each year."

Venu represents IDS on the Board of Directors of the Arizona Technology Council. Venu has a successful track record of building sustainable businesses. He is actively involved in the Arizona Technology Community and serves on the Board of the AZ Technology Council (www.aztechcouncil.org).

About Indecomm Digital Services, Inc.

Indecomm Digital Services, Inc. is an acknowledged leader in Digital Engineering and Digital Learning services, providing Next-Generation software development solutions for Mobility, Big Data and Analytics, Cloud, Machine Learning, UI/UX, IoT, and Test Automation. We specialize in Data Governance, Digital Transformation and Disruptive Technologies, helping clients to capitalize their potential efficiencies. Our singular focus is in providing high-tech, differentiated services to leading technology firms. Having successfully developed and delivered over 1,000 software products, our in-house experts help 100+ marquee technology & product companies use proven strategies, empowered by a comprehensive set of assets, diagnostic frameworks, best practices, and development guidelines to gain time-to-market advantage and achieve immediate ROI. Our proprietary AutomationNG, an advanced test automation suite, significantly reduces the effort, time and cost required in building and maintaining test scripts, while our Learning Specialists have a track record of incorporating innovation, agility, and simplicity of instruction – helping global clients design and deploy award-winning learning and technology solutions.
